

Subject: Introduction to Medmart Health's Purchase Order Funding Model

To whom it may concern

We hope this letter finds you in good health and spirits. Medmart Health would like to introduce our innovative Purchase Order (PO) funding model. Recognizing the financial challenges many enterprises face, especially in these turbulent times, Medmart Health aims to assist clients with the funding and procurement of their awarded, valid purchase orders.

Procedure for PO Funding:

Due Diligence Process: Interested clients are required to submit specific documents to Medmart to initiate the due diligence process. The required documents are:

- Official Purchase Order from a South African Government-affiliated entity.
- Company registration documents corresponding to the company on the purchase order.
- A certified ID copy of the director.
- Proof of the director's address.
- A current CSD Registration report, timestamped post the PO issuance date.
- A confirmation letter from the bank for the account mentioned on the CSD Registration report.
- The company's Tax Compliance Pin.

Proposal Quotation: Upon receipt and verification of the above documents, Medmart will provide a tailored quotation, factoring in credit terms that allow payment within an average span of 30 business days post-product delivery to the respective government department.

Drafting Transactional Documents: Following the acceptance of our quotation, Medmart will create a Memorandum of Understanding (MoU) outlining the transaction's specifics. Additionally, a Deed of Suretyship will be crafted, ensuring the client's acceptance of the debt responsibility.

Nomination of Medmart Director: Subsequent to executing the aforementioned documents, a Medmart representative will be appointed as a director to the client's company. The subsequent steps involve updating company records to reflect this change and designating the newly appointed director as an authorizer on the company's bank account.

Final Product Delivery: Upon completion of the prior steps, Medmart will proceed with the delivery of the ordered product to the specified government department.

Furthermore, I am thrilled to announce that Medmart Health offers an attractive commission structure for agents who introduce potential clients to our PO funding model, resulting in a successful transaction.
